Dear Cheryl, Debra, and Trauman,

The reviews of your prospectus are now in, and Cindy and I would very much like you to go forward in developing for *CCDP The New Work of Composing*. We couldn't be more pleased with your encouraging reviews and the great work you have already completed.

We know you'll appreciate the few suggestions that they were able to offer (especially the first review) as you work with the contributors. And we hope you'll also consider the good suggestions you received for revising your introduction.

So, many congratulations! As I hope you know, Cindy and I are every bit as happy about this news as we hope you are and can't imagine working with a more wonderful collaborative team.

Very best,

Gail
